RE:

Adopted Fiscal Year Budgets 2010-2011

The **FY 2011 Budgets** representing the General Fund, Special Tax District Fund, Solid Waste Enterprise Fund, Capital Improvements Program Fund, Special Local Option Sales Tax Funds, DHR Building Fund, Confiscated Funds, Lease/Commercial Fund, Grant Fund, and Law Library which **were approved and adopted on June 28, 2010** are enclosed in detail in this document. These budgets were developed in a sound planning process meeting all legal requirements which should ensure our delivery of services to the public during the twelve month period.

Due to the on-going impact of the recession, numerous steps were taken to reduce costs:

- 1. No merit increases.
- 2. No Cost of Living increases.
- 3. No longevity payments.
- 4. No reclassifications.
- 5. Vacancies are frozen except essential Public Safety and selective other critical positions.
- 6. Training & Travel is limited to state or Commission mandated training.
- 7. Uniform allowances were reduced by 50%.
- 8. Five (5) Unpaid Holidays were instituted in this budget to decrease personnel costs in every department.
- 9. Outside agencies were reduced in their annual appropriation.
- 10. County supplements to applicable state employees were reduced by 2% as permitted by state law.
- 11. The County Commission voluntarily reduced their compensation by 2% which is the equivalent of 5 Unpaid Holidays.

Members, Dougherty County Commission July 1, 2010 Page Two

A major impact in these budgets was the necessity to significantly increase the costs of Premiums to the Employer and Employee in our Group Health Insurance Plan due to continuing increased healthcare costs and under-funding in previous years.

The General Fund overall millage rate remains at 11.894. The General Fund Maintenance & Operation (M&O) Budget is \$46,347,875 which is an increase of 1.1%. The M&O millage rate remains the same at 11.644.

The General Fund Capital Improvements Program (CIP) is budgeted at \$787,660, a decrease of 14.9% from last year. The millage rate remains the same at 0.25 mils.

The **Special Tax District Fund** is budgeted at \$7,039,750 for an **increase of 1.5%** from last year. The millage rate remained the same at 7.275 mils. This fund had double digit percentage increases in some cost areas due to Service Delivery Agreements and additional street light installations.

The Solid Waste Enterprise Fund is budgeted at \$3,346,510 for Operations which is a decrease of 2.4% from last year's budget. Capital Improvements is budgeted at \$2,044,800. The second phase of the overall tipping fee increase for the City of Albany became effective July 1, 2010. All users are now at \$34.25 per ton.

Other Funds included in this budget document are SPLOST Funds I, II, III, IV, and V; Confiscated and Seizures; DHR Building; Grants; and Law Library. These funds are being maintained in compliance with state laws, regulations and sound accounting practices.

Our deep recession is on-going and will unfortunately continue to impact the revenues of the County. We will be challenged to continue and even increase our cost reduction measures. Our dependency on using reserves for on-going operations is a critical issue that must be resolved. I look forward to working with you on these issues as we move forward in the future.

FY 2010 - 2011 Budget Dougherty County, Georgia

ALBANY, DOUGHERTY COUNTY, GEORGIA

HISTORY

Albany, Dougherty County and Southwest Georgia are rich in southern history and culture. Albany celebrated its 150th anniversary in 1986. The Dougherty County School System and the Sesquicentennial Committee have published a history of the area called Glancing Backward. It is available through the Chamber of Commerce or may be acquired temporarily through inter-library loan or checked out locally. Much of the information below was researched by the publishers of Glancing Backward and is contained in that publication.

Creek Indians were the first residents of this area as early settlers began inhabiting Southwest Georgia in the 1790's. Nelson Tift, a Connecticut native, entered into an agreement with a group of men in 1826 to find a town on the west bank of the Flint River, at that time Baker County. The original purpose for locating a town here was to utilize the Flint River for merchandising and boat traffic, etc. Later, Tift bought the interests of the other gentlemen, convinced that the town would eventually be successful. Albany was actually founded in 1836 when Nelson Tift was 25 years old. Though the Flint River is still a largely navigable waterway, it is now used for recreation.

In 1853, Dougherty County was created out of Baker County by an act of the Georgia General Assembly. It was named for Judge Charles Dougherty of Athens. The County contains 326 square miles of land area with a 2000 census population of 96,065 persons.

Many of the original buildings remain and some have been restored and are in use today. Quail plantations are famous in the area and date back to the founding of Albany. Dougherty County is recognized for its quail and duck hunting, fishing, the Flint River and many cypress swamps.

A famous military unit, the Nelson Rangers, originated in Albany in 1862 and fought in numerous Civil War skirmishes under the leadership of Capt. Thomas N. Nelson, who married the daughter of Nelson Tift.

FY 2010 - 2011 Budget Dougherty County, Georgia

Albany is still known for its artesian wells, the first drilled around 1881. Because the mineral waters were thought to be curative, the town became a tourist attraction. Today, the artesian well is the City's emblem and is embossed in the seal of the City.

The first industries and business in Albany and Dougherty County included a cotton trade with revenues of \$5,000,000 annually, fertilizer factories, cotton seed oil mills, a pine products plant, cross arms, a gin brush factory and public ginneries. Albany boasted a "natatorium" or indoor swimming pool and the lowest death rate in the southern states. This area was also known as a center for transportation.

Dougherty County has a Board of Commissioners consisting of a Chairman, elected at large, and six commissioners, elected by district, for four year overlapping terms. The County Commission appoints a County Administrator to carry out the daily functions of the County.

Dougherty County has become one of the most progressive counties in the State of Georgia. Many large northern industries have relocated to South Georgia because of its natural resources. Some of those industries are Procter & Gamble, Miller Brewing Company, and the United States Marine Corps Logistics Base.

The County Commission has been in the forefront with many of its endeavors such as new Mental and Physical Health Facilities; an up-to-date Landfill operation, a \$30,000,000 state of the art Jail Facility initially housing 624 inmates, a five story Government Center Office Building for County and City administrative departments, a three story Central Square Office Building, two downtown parking decks, and a Riverfront Resource Center.

In February 2009, Dougherty County was certified as a Georgia Work Ready Community. To earn this designation, Dougherty County had to demonstrate a commitment to improving public high school graduation rates and have a percentage of the available and current workforce earn a Work Ready Certificate. The County increased its public high school graduation rate from 57.5% to 63.3% and 1,556 workers in Dougherty County earned their Work Ready Certifications.

We like to think that Nelson Tift would be proud of the progress and success of Albany and Dougherty County. With a history so rich and a future so promising, Dougherty County is destined for further success.

Indigent committals: Funds for committal hearings to protect indigent mental patients' rights.

Substance Abuse Program: Dougherty County Jail Facility provides inmates, sentenced to Jail with a history of drug abuse, a six-week educational program on substance abuse. Successful completion of the course earns good time credit leading to an early release for the inmate. The program helps the inmate and helps reduce the operational cost to the County.

Physical and Mental Health Departments: Provides a full range of physical and mental health services, health information, preventive and environmental health services, and medical service to all citizens, but particularly low-income citizens.

CAPITAL IMPROVEMENT PROGRAM

Capital Improvement Programming may be defined as the process for developing a multi-year plan which sets priorities for funding and purchase of capital improvement items and projects. Dougherty County defines capital improvements as those items or projects with a cost greater than \$5,000 and a useful life of five years or longer. Capital improvements may include acquisition of land, construction of buildings, replacement and acquisition of major pieces of equipment, and major repair of capital equipment and structures. Items or projects not meeting the above criteria will be funded through the operational budget of the current year.

Dougherty County's Capital Improvement Program estimates expenditures and revenues for a six year period. The County Commission reviews the program yearly, makes modifications as needs change, and then approves the current year expenditures which become the Capital Improvement Budget for that year.

A Capital Improvement Program is important to Dougherty County for several reasons:

- 1. A program of this nature indicates to the community that a rational and systematic approach is being taken in planning for future capital needs.
- 2. It allows for an orderly replacement of capital facilities and equipment before a crisis situation develops.
- 3. It helps the County avoid major fluctuations in the tax rate by spreading the costs of capital improvements over several years and by identifying alternate funding sources.
